## **CT Engineering, appointed as a Strategic Supplier (EMES3) for Design, Manufacturing, and After Sales Engineering Services by Airbus**

- **CT has been appointed as an EMES<sup>3</sup> and has earned a place among the Top Airbus suppliers worldwide.**
- **After a highly demanding selection process spanning several months, CT has been awarded a multi-year framework contract which enables the company to continue to provide services to all Airbus divisions, subsidiaries and affiliates.**
- **This achievement is the fruit of the CT's operational excellence, extensive industry and digital transformation know-how, along with its proven track of record in Airbus flagship programs.**

**Madrid, December 15 of 2021,-** CT, a leading technological company that provides innovation and engineering services throughout the whole product life cycle, has secured a multi-year contract renewal after being successfully appointed as an EMES<sup>3</sup> Preferred Supplier by Airbus for all its divisions, subsidiaries and affiliates worldwide. This represents a new milestone in CT's outstanding progression with Airbus since 1995.

CT Key Account Manager for Airbus and Country Manager of Germany, Francisco Marín, said: "We feel honored to be appointed by our long-standing customer, Airbus and being recognized as one of its top performing suppliers. Now we look forward to continuing to provide end-to-end engineering and digital transformation solutions for the years to come.

This appointment is a testament to our CT brand and our committed people working at CT or Airbus facilities side by side with their teams every day. Our expanded geographical footprint (with over 25 sites covering all Airbus Divisions- Defence and Space, and Helicopters) and Simultaneous Nearshore engineering are key to providing local management to a global customer and drive sustainable business growth. This achievement proves our successful strategy which consists of providing quality services, on time, with a competitive offer to Airbus as a transnational and multi-skilled supplier".

CT is part of Airbus preferred supplier list since 2008 and it is also a member of a select group of Research & Technology suppliers. Since 1995, CT has supported Airbus on its
