## CT expands its leadership team with Jaime Pita Ortega as CFO and Ignacio Abbad Slocker as Marketing and Communications Director

**Madrid, November 20, 2024, -** The CT Group, comprised of CT Ingenieros and CT Solutions, announces the appointment of Jaime Pita Ortega as Chief Financial Officer and Ignacio Abbad Slocker as Marketing and Communications Director, bolstering its executive team at a pivotal moment for the company's growth and expansion.

### Key appointments for strategic growth

Jaime Pita Ortega, with a solid background in financial management, takes on the leadership of CT's financial area. Jaime brings extensive experience in financial management and previously held the same role at Aranzadi LA LEY (Karnov Group), where he led the integration of the companies following their acquisition in 2022. He has also been responsible for optimizing financial processes, as well as managing personnel and systems. Jaime began his career as an auditor at KPMG and holds a degree in Business Administration and Management from the Universidad Carlos III de Madrid.

Ignacio Abbad Slocker, with more than 17 years of international experience leading marketing and communication strategies in both B2B and B2C sectors, will oversee brand positioning, expansion, and the group's communication efforts. Ignacio is an expert in corporate communication, digital marketing, and strategic positioning. He holds degrees in Journalism, Advertising, and Public Relations, as well as a Master's in International Business Management and Marketing from IPAG Business School in Paris.

### Commitment to continuous improvement

David Prieto, CEO of CT, stated: "We are thrilled to welcome Ignacio and Jaime to our executive team. Their addition strengthens the Finance and Marketing & Communications areas as strategic partners at a crucial moment for CT. Their experience and leadership mark another step in our commitment to continuous improvement, ensuring that CT continues to fulfill its mission: providing technological solutions that help our clients become more efficient and competitive."

These appointments are part of CT's strategy to further solidify its leadership position in sectors such as aerospace, space, naval, automotive, rail, energy, and industrial.

### About CT

CT is a leading engineering company throughout the complete product lifecycle. For more than 37 years, our mission has been to provide innovative services and technological solutions that help our clients be more effective and competitive. Today, CT's success is driven by 2.000+ engineers in seven countries providing end-to-end expert support to leading customers in the aeronautical, space, naval, automotive, railway, energy and industrial plant sectors.
