PRESS RELEASE

CT Earns EcoVadis Silver Medal for Sustainability Performance, Placing Among Top 9% in the Industry

Madrid, September 20th, 2024.

CT proudly announces that it has been awarded the **EcoVadis Silver Medal**, a testament to the company's dedication to sustainability. This prestigious recognition places **CT** among the top **9%** of companies globally within its industry, as assessed by **EcoVadis**, a leading authority in business sustainability ratings.

The EcoVadis evaluation covers four key areas: environmental impact, labor and human rights, ethics, and sustainable procurement. The rigorous assessment process reflects CT's commitment to establishing and maintaining strong management practices in these crucial areas.

In addition, EcoVadis has recognized **CT** as a **Leader in Greenhouse Gas (GHG) Management**, acknowledging the company's proactive efforts to reduce emissions and positively impact the environment.

This accolade reinforces **CT's** ongoing commitment to sustainability, which is central to the company's business strategy. Looking ahead, **CT** will continue to invest in sustainable technologies and practices, with a focus on further reducing its carbon footprint, enhancing supply chain transparency, and integrating eco-friendly solutions across its operations. These initiatives align with **CT's** strategic vision of becoming a leader in environmental stewardship and responsible business growth.

About CT

CT is a leading engineering company throughout the entire product lifecycle. For over 35 years, our mission has been to provide innovative services and technological solutions that help our clients become more efficient and competitive. Today, CT's success is driven by more than 2,000 engineers across seven countries, offering expert end-to-end support to leading clients in the aerospace, defense, naval, automotive, rail, energy, and industrial plant sectors.
